

ENABLING HIGH-PERFORMANCE
THROUGH INSIGHTS SINCE 1972

UNLOCKING A HIGH- PERFORMANCE CULTURE

MAKE YOUR MOST IMPORTANT
ASSET THRIVE

DID YOU KNOW?

- Mercer Sirota has enabled organizations in more than 130 countries to unlock high performance.
- Mercer Sirota engagement surveys can be administered in more than 80 languages.
- Mercer Sirota's expansive database includes responses from more than five million employees.
- Mercer Sirota's leading-edge end-to-end technology enables deep analyses.
- Mercer Sirota develops actionable, bespoke best practices guides for business leaders.

As specialists in organizational research, Sirota has advisory capabilities and technologies that span all aspects of the employee experience, including engagement, team effectiveness, leadership and culture. Combined with sophisticated analytics and data mining tools, Sirota's surveys help clients get real-time insight from engagement data. Sirota then uses advanced analytics to help CHROs identify where leaders, employees, strategy and culture are misaligned, uncovering hidden factors that drive performance and support positive change.

“Employee engagement is one of the most important human capital issues facing business leaders today.”

– Ilya Bonic, Mercer President – Career

“Our mission is to help our clients solve their business problems through employee research.”

– John Mallozzi, CEO, Mercer | Sirota
